WEATHER PROBABILITIES .- War Department. Office of the Chief Signal Officer, Wash ington, D. C. August 10, 1876-10:30 a. m.-In the Eastern and Middle States stationary to falling barometer and generally warmer, clear or partly cloudy weather, with southwest to southeast winds in tormer, and with easterly to outherly winds in latter, and probably thunder storms from western New York to Virginia, Maryland and southern New Jersey.

THE EVERETT MURDERERS.-The Port To bacco Independent gives the following account of the arrest and committal of the two men suspected of the murder of young Everett at tivmout: "It appears that on Manday, two negro men went to the store of Mr. T. A. Smith, at Cross Roads, and offered a small amount of silver coin in exchange for paper en reney. Failing to be accommodated they proceeded further. After leaving the store parties who were present on observing that they were strangers, and acting under rather suspicious circumstances, concluded to collect a squid and arrest them, whereupon M. ssrs. James Haislip, Wm. Smith, Thos. Price, Dr. Thes. C. Price and Wm. W. Cobey pursued and arrested them. After being arrested they were examined separately and questioned as to their names and their business. One of them, of a dark chestout color, gave his name as Al bert Fister, the other, of a light chestnut col or, gave his name as James Henry O'Neal, amis at d that they had made their escape from Quantico, Va., where they had been ar rested on Sunday morning They made several contradictory statements in reference to their mames and other matters. They were brought to this place on Monday evening and ledged to jui for identity. Justice Boswell had several persons summoned from Pomonkey who arrived yesterday, but failed to recognize either of them. It has been deemed prudent to hold them until other parties can be brought for ward to examine them.

The same paper has the following: "Sheriff Wade has received a letter from Sladersvie. N. C., stating that three negro men bad arrived there from Washington city, claiming to have been recently discharged from the navy, but that their acrion and certain remarks of theirs led to the suspicion that they are cuil y of some crime. The captain of the boat on which they arrived reported that they retus d to go ashore while the vessel lay at Aiexandria, Va. The letter requested that a d scription of the supposed murderers of Mr. Exercit be forthwith sent to that place, which request was promptly responded to.

The Clerk of the Court also received a letter from Lovettsville, Loudoun county, Va., stating that a pegro man had been arrested there on suspicion of being one of the murderers, and asking that some one be sent on to

identify him.' The Washington Republican of this mo ning has the following contradictory dispatch from Quantico: "There has been some excitement Port Tobacco, this evening says the report was about \$30. was given out there about these men not being the right party to quell the mob of two hunared persons of Charles county, Md., who were there is no doubt but they are the right party." A letter to the Baltimore Sun from the Port Tobacco, dated yesterday, says: 'The two negroes, Albert Foster and James Henry O'N al. arrested at Quantico on Saturday last,

charged with the murder of young Everett, at Warring's store, near Glymont, on the night of the 10 h of July, and who made their escape Sunday morning from the Potomac City Hotel, where they were confined and were subs quently arrested, proved not to be the men who committed the murder. They have been confronted by persons who saw the murderers prowling about Warring's store on the day of the murder, and they fail to identify them. Mr. Lucas, who last saw the men in the vicinity of the store, visited the Port Tobacco jail vesterday for the purpose of identifying the prisoners, and stated positively that they were "Foster gives as a reason for escaping from

the hotel, if he were innocent, that he was want ed in Washington for an offence committed there, and was afraid of being sent back and punished. O'Neal avers that he was on Long Island, N. Y., on the night of the homicide. and gave the names of several persons in New York by whom he claims to be able to prove his presence there on the night of the murder. The authorities, it is said, have no doubt of these men not being the parties who committed the murder, but hold them until they can hear from parties in New York in regard to O'Neal's statement, and from the Washington authorities in regard to Foster. The ex est-ment in connection with the arrest is cooling off since the news has been circulated that the men are not the ones wanted.

"Several parties arrived here from Washington yesterday, and others to day, with the intention, it is rumored, to lynch both of the prisoners, but upon arriving here and learnbe that the identification was a failure gave up the idea and left. A party was, it is said, being made up in this section for the same purpose, but it would certainly have failed, as the authorities would defend their prisoners until the last and until they could have an impartial hearing.'

FOUTH WARD TILDEN AND HENDRICKS CLUB. -There was a good turn out of the voters or retail. of the 4th ward last night at the Friendship engine house for the purpose of organizing a Tiden and Hendricks Club. Charles Goodtich called the m eting to order, and stated that at the last meeting a resolution was adopted providing for the appointment of a committee who should report a permanent organization for the club. The entire committee, for unavoidable reasons, had been unable to meet, and therefore a majority of the committee deemed it best not to suggest the permanent officers of the club, but to leave the selection to the meeting itself. On behalf of the comtuittee he presented the following resolution, which was unanimously adopted:

Resolved, That the officers of the Fourth Ward Tilden and Hendricks Club shall consist of a president, two vice presidents, a corres puriting secretary, a recording secretary, a treasurer and a marshal. The meeting then proceeded to elect a pres-

ident for the club.

S. C. Neale was unanimously elected presi

Mr. Neale, on taking the chair, said that he had so eften been honored by his friends in the 4th ward that he had hesitated about accepting this additional token of their confidence and esteem, for fear he might be accused of though lizing all the honors in the gift of the ward; but he had been as ured that it was the unanimous wish of the ward that he should fill the position of president of the club, and he therefore accepted the office in the same spirit in which it was tendered, and pledged his best efforts to make the club a success and a credit to the ward and to the party.

The meeting then proceeded to the election of the remaining officers, and the following Were elected unanimously:
First Vice President—Charles Goodrich.
Taligfor Second Vice President-John C. Taliaferro. Treasurer-R. H. Rudd.

Recording Secretary-W. H. Breen.

Corresponding Secretary-J. T. Sweeny. Marshal-William Wheatley. Executive Committee-Jno. B. Smoot, Jno.

M. Johnson, Martin Lawier. It was resolved that the club shall be called the Fourth Ward Reform Tilden and Hend ricks Club. The question as to raising a flag was dis-

cussed at length, and finally referred to a committee consisting of William Wheatley, J Travis, Daniel Whalan, Michael Lynch and John Downey. A committee on membership was appointed,

consisting of Wm. G. Simpson, B. W. Nalls and J. T. Sweeny. It was resolved to meet on the second and

fourth Wednesday of each month. The voters present theo signed their name to the roll, and the meeting adjourned until the fourth Wednesday in August.

The best of feeling prevailed, and all expressed their determination to work unceasing ly to carry the ward in November.

THE EXCURSION LAST NIGHT.-Although there was not as large a crowd as usual, the excursion of the Relief Hook and Ladder Company to Marshall Hall, last night, was well patronized. The weather was clear and delightful, the music good, and everybody seem ed to enjoy them solves. The main body of the excursionists returned at twelve o'clock, but a considerable number remained until three, enjoying the pleasures of the dance. There was a notable absence of any disturbance or bad conduct calculated to produce discomfort.

HIGH TAXES .- In accordance with the old adage that "misery loves company" it may be a source of consolation to some of our over burdened tax payers to know that Alexandria has not the heaviest debt nor the highest rate of taxation in the country. It is stated that the city of Memphis owes so much that to pay the interest on its debt and the cost of government for the ensuing year, the city taxation must be six per cent. The mayor advises a compromise with its creditors. A ongside of this tax our 1.98 per cont. sinks into insignificance.

ALMOST AN ACCIDENT. - Yesterday evening, about six o'clock, a baby carriage containing a sickly looking child, and propelled by a little girl, nearly small enough to rite in the carriage herself, was, by some mischance, overturaed, at the corner of King and Washington streets. and but for the strength of the breast strap and the timely assistance of a by stander, the infant would probably have been killed. Mothers cannot be too careful to whom they commit the care of their little ones on the stirets.

COLUMBIA FIRE COMPANY, -The Columbia Fire Company held a meeting l. s. night, with M. McLean, Vice President, in the chair, and Thomas Leadbea er, Secretary pro tem. The meeting was quite a small one, many of the members being absent on the Hook and Lad der excursion, and no business of public interest was transacted.

VESSELS STRUCK BY LIGHTNING. - During a storm which passed over Georgetown harbor, the to, day caused by the news brought here Tuesday alternoon, two schooners lying at this morning by the steamer Keyport, from Ray's wharf, the R. H Sherman and the Mary tilemont, that the murderers of young Everett P. Hudson, were each struck by lightning. were released, not being the right party. But The former was damaged to the amount of a gentleman, Mr. Liston, from the vicinity of about \$40, and the latter to the amount of

The colored people had an excursion to Carlin's Springs to-day under the auspices of the Third Bantist Church.

A colored man named Green was shot in the hip and hand, near Vienna, on Tuesday, during a dispute with a white min named Harris. Green's wounds are not serious.

Among the strangers in town to day was Mr. Joseph B. Houtcheus, formerly of this city. but now of Memphis, Tenn., who is here on a

short visit to his relatives. Letters addressed to Dickson & King, Washington, D. C., and Charles S. Higgins & Co., New York, are detained in the Postoffice here

### TELEGRAPH NEWS.

From Washington.

SENATE. WASHINGTON, Aug. 10, 1876 .- The Senate,

after some minor business, resumed the consideration of the River and Harbor Appropriation bill, and the bill was passed

The bill, as passed, includes no appropriation for harbors on the Potomae.

The Hamburg message printing resolution was then taken up, and Mr. Sherman, of Ohio, made a campaign speech, in which he reviewed, in a partisan spirit, the position of the democratic and republican parties upon the question of resumption and inflation.

HOUSE OF REPRESENTATIVES.

In the House of Representatives a preamble and resolutions reciting the rights of sufrage as prescribed by the 15th Amendment, and declaring that notwithstanding the efforts of all good citizens, in some of the States intimidation and fraud are still practiced upon voters: and insisting, that the laws made in pursuance of the said 15th Amendment shall be fully enforced by the courts by either fine, imprison ment or death, were introduced by Mr. Lord, democrat, of New York, who pressed their

Upon a demand for the previous question, and a division, it was found that no quorum was present, whereupon there was a call of the House, resulting in the appearance of more then a quorum-173 and all further proceed ings under the call were dispensed with.

The tellers again took their places, but the House was again found without a quorum, and unother call of the House was ordered and pro-

Mr. Hale, of Maine, called attention to the fact that Mr. Cox. of New York, had not Mr. Cox said he did not vote at the dictation

of the gentleman from Maine, but would vote for the resolutions.

There was great confusion on the floor and any member who accempted to make any remarks was cried down.

Mr. Lord attempted to make an explanation but objection was made by Mr. Hereford, of West Virginia, who, upon being appealed to by Mr. Lord, said he wanted no explanation. Cries of regular order! regular order! and much confusion. Mr. Eden arose to point of order, but was

ruled out of order for being out of his scat. Mr. Cox raised a point, that Mr. Hale was standing on the floor, whereupon the chair di-

rected Mr. Hale to take his seat. Several members were crying "Mr. Speaker!" 'Mr. Speaker!" but none were recognized, and the call was proceeded with, the result being 178 members present, and all further proecedings under the call were dispensed with.

Each side now accused the other of not voting, and the rule requiring all members to vote was read.

Mr. Cox said as the rule was read for a purpose he hoped both sides would vote.

Mr. Conger tried to make a point and get in a word, but was rapped down.

The tellers resumed their places and the vote on seconding the demand for the previous question resulted, ayes 133, noes 18, and the demand being seconded, the main question was ordered and the ayes and noes demanded, resulting in the adoption of the resolutions, the question being divided, by a vote of aves 174,

After some discussion on points of order, and the rules governing the subject, the vote was taken on the preamble, and it was adoptedaves 124, noes 31-the Virginia representatives present voting in the negative.

The reports of the Committee on Expanditures in the Navy Department were then made, upon which questions of order were raised and

discussed. A conference committee on the bill providing artificial limbs for disabled soldiers, was appointed, the Senate having disagreed to the House amendment.

The School Quistion. CINCINNATI, August 10 .- The Catholic Telegraph of this morning contains an article from Arch Bishop Purcell addressed to the people of the United States relative to the attitude of the Catholic church towards the public school system, in which he declares that the church has no disposition to interfere with the system. He further says: "No doubt justice and equal ity would entitle the Catholic people of this country to exemption from taxation for the support of other schools or to a share of the public schoool funds in proportion to the number of pupils in the schools, but even this we ere disposed to waive in your favor.'

Grant to be Provided For. NEW YORK, Aug. 10 .- The Tribune has

the following:

Sr. Louis, Aug. 10.-The Republican has obtained information from what is deemed an entire trustworthy source that Gen. Sherman, through second parties, is negotiating for an elegant property in a brilliant and fashionable suburb of this city, for a future residence; that he will certainly retire from the army after the 4th of March, in the event of the election of Hayes and Wheeler, and that Gen.
